TABLE ONE COMPARATIVE SECTIONS

1933 Code to 1981 Code

This table compares sections of the 1933 Code, as amended, and sections of unofficial codifications of Acts and resolutions of the General Assembly to their respective sections of the 1981 Code. This table lists only those Code sections which were enacted by or redesignated by the General Assembly through the 1982 Session. Redesignations and repeals effected in later legislative sessions are not reflected in this table; the user is referred to the text to determine any such subsequent disposition of 1981 Code sections.

TABLE TWO COMPARATIVE SECTIONS

1981 Code to 1933 Code

This table compares sections of the 1981 Code to their respective sections of the 1933 Code, as amended, and to their respective sections of unofficial codifications of Acts and resolutions of the General Assembly. This table lists only those Code sections which were enacted by or redesignated by the General Assembly through the 1982 Session. Redesignations and repeals effected in later legislative sessions are not reflected in this table; the user is referred to the text to determine any such subsequent disposition of 1981 Code sections.

TABLE TWELVE

COMPARATIVE CONSTITUTIONAL PROVISIONS

1976 Constitution to 1945 and 1877 Constitutions

This table compares the provisions of the 1976 Constitution of Georgia to their respective provisions of the 1945 Constitution of Georgia and the 1877 Constitution of Georgia. Also listed are section numbers at which constitutional provisions were codified in prior Codes. The "1933 Code" column in the 1877 Constitution listing indicates those provisions of the 1877 Constitution which were officially codified in the 1933 Code. The "1933 Code" columns in the 1945 Constitution and 1976 Constitution listings indicate unofficial codifications of the provisions of those constitutions.

TABLE FOURTEEN

COMPARATIVE CONSTITUTIONAL PROVISIONS

1877 Constitution to 1976 Constitution

This table compares the provisions of the 1877 Constitution of Georgia to their respective provisions of the 1976 Constitution of Georgia. Only those provisions of the 1877 Constitution which were retained in the 1976 Constitution and not repealed prior to the effective date of this Code (November 1, 1982) are listed in this table. The first "1933 Code" column indicates those provisions of the 1877 Constitution which were officially codified in the 1933 Code. A blank in this column indicates that the constitutional provision was adopted after 1933 and thus was not officially codified in the Code of Georgia of 1933. The second "1933 Code" column indicates unofficial codifications of the 1976 Constitution.

TABLE FIFTEEN LAWS CODIFIED

This table lists those Acts enacted at the 1982 through 1998 Session of the General Assembly which are codified in the 1981 Code. Also listed are pre-1982 Acts which were codified for the first time in the 1981 Code at the 1982 Session or thereafter. Except for duplicative Code section numbers which are subsequently officially redesignated by a reviser's bill, this table does not reflect redesignations or repeals of Code sections effected in a year subsequent to the year under which a given Code section is listed. The user is referred to the text to determine whether any such subsequent repeals or redesignations have occurred.
